

Speech-Language Pathology Tele-therapist

Job Description

Central Delaware Speech-Language Pathology, Inc, a growing private practice with office locations in Dover, Delaware and Lewes, Delaware, is actively recruiting for full-time, part-time, and contract speech-language pathologists with strong clinical skills and a passion for excellence in the diagnosis and treatment of pediatric speech and language disorders. Chosen candidate must have had previous experience with speech language disorders using teletherapy as a means of treatment.

Responsibilities

Responsibilities of this position will include performing diagnostic evaluations and skilled treatment for a wide variety of pediatric patients, including those with Autism Spectrum Disorder (ASD), language delay/disorder, articulation impairment, Apraxia of Speech, fluency disorder, use of Augmentative/Alternative communication, feeding disorder, and more.

Our ideal candidate will have experience and specialty training in working with a diverse population of children through teletherapy.

Our company is expanding, and our goal is to find skilled speech-language pathologists to grow with our company. There are supervision and management opportunities, as well as opportunities for clinical presentations and acquisition of specialty training in reading, feeding, and AAC.

Qualifications:

Master's Degree in Speech-Language Pathology from an accredited program

Certificate of Clinical Competence or eligibility for Clinical Fellowship Year

Current licensure as Speech-Language Pathologist in the state of Delaware

Experience with SLP teletherapy sessions
